Accessibility statement for Phenopolis for OctaVision and TrialSense

The Octavision and TrialSense Systems comprises:

- i) A web based browser application
- ii) A native application available in iOS and Android

The Octavision and TrialSense systems are the responsibility of

Phenopolis limited.

We want as many people as possible to be able to use our products, which means being able to:

- Use different screen sizes
- Get alt text for images
- Correct content sequencing
- Consistent navigation
- Appropriate labels
- E.g. Zoom within device settings (iOS and Android)
- Resize text
- No content that relies solely on sensory characteristics of components such as shape, size, visual location, orientation, or sound.
- Descriptive links
- Heading hierarchies for content pages
- Video captions, transcriptions and audio descriptions in content pages
- Use any content types or features that have been optimised such as accordions, slideshow/carousels, tables and tabs.

We aim for no restrictions for:

- Deaf users
- Limited hearing users
- Non-verbal users
- Limited manipulation users
- Limited reach and strength users
- Cognitive user group

Document Control

Issue No: 1.0

Issue Date: 30/06/22

There are some restrictions for:

- Users without vision
- Users with limited vision
- Users without perception of colour

We are currently working hard to ensure we move towards Web Content Accessibility Guidelines (WCAG) 2.1 AA taking in account the above and will maintain this accessibility statement with each product release.

What we do about known issues

We are working to achieve and maintain Web Content Accessibility Guidelines (WCAG) 2.1 AA standards, but it is not always possible for all our content to be accessible. Where content is not accessible, we will state a reason, warn users and offer alternatives.

Reporting accessibility issues

If you find any accessibility issues with any component of our products, [please contact us](#).

If you need information on this accessibility statement in a different format, such as an accessible PDF, large print, easy read, audio recording or braille, [please contact us](#).
